- *Pencils
- *Scissors
- *Colored pencils
- *Highlighters (multi-colored)
- *Printer Ink HP Deskjet 6988
- *Pencils

Mathematics- We will continue our study of volume and varying ways to calculate it. The students will explore how understanding volume is useful in our everyday lives.

Science- The students will continue studying weather systems. The students and I have been recording the weather data each week from www.weather.weatherbug.com. It has been a fun way to observe the changes in weather and how all the different aspects of weather connect. We will study what causes the seasons, distance near the equator & how that affects temperature, latitude, longitude, etc. this week.

Writing-The students are working on informational writing. They are working on a weather project in reading and writing. Throughout the weeks, I will be conferring with students during the writing process.

Important Dates:

May 15th (10 AM-12 AM) Field Day

May 20-21st-Fifth Grade Field Trip to Betsy-Jeff Penn 4H Center in Reidsville, NC (Soaring Thru Spaces)

Miscellaneous Information

My email
bsiudak@wcpss.net

Even though the students may begin calling me Ms. Bowman, my email address is still bsiudak@wcpss.net. I will let all parents know when this changes. 😊
