Mathematics- The students will begin studying measurement and converting between units. They will convert units within the metric and customary systems.

Science- The students will continue studying weather systems. The students and I have been recording the weather data each week from www.weather.weatherbug.com. It has been a fun way to observe the changes in weather and how all the different aspects of weather connect. We will study high and low pressure systems, wind, and the jet stream.

Writing- The students are working on informational writing. Throughout the weeks, I will be conferring with students during the writing process.

Important Dates:

May 15th (10 AM-12 AM) Field Day

May 20-21st-Fifth Grade Field Trip to Betsy-Jeff Penn 4H Center in Reidsville, NC (Soaring Thru Spaces)

*****Thank you for all of the sweet gifts during Teacher Appreciation Week! It is greatly appreciated!**
